

## **Instruction to Addington Medical Centre about sharing my confidential data for secondary uses - including to the Health & Social Care Information Centre (HSCIC).**

*Please complete Section 1 of this form if you are **not** happy for NHS England to direct the HSCIC to extract, store and manage/use your personal information from your GP Practice's computer systems.*

*If you later change your mind, please complete Section 2.*

### **SECTION 1**

After considering the information available, I have decided that:

*(please tick **one** option only)*

I do **not** want my personal confidential data to be exported to the HSCIC and I do **not** want any identifiable information the HSCIC already hold about me to be released from the HSCIC to other agencies.

Please block the uploading of my personal confidential data to the HSCIC by adding codes **9Nu0. and 9Nu4.** to my Practice computer records.

I am happy for my personal confidential data to be exported to the HSCIC so that it can be used by the HSCIC for anonymised reports but I do **not** want the HSCIC to share my personal confidential data with other agencies or companies in an identifiable format.

Please alert the HSCIC not to use my information in this way by adding code **9Nu4.** to my Practice computer records.

### **SECTION 2**

I have now changed my mind:

I want to allow my personal confidential data to be exported to the HSCIC and also to allow identifiable information the HSCIC hold about me to be released from the HSCIC to other agencies.

Please unblock the uploading of my personal confidential data to the HSCIC by adding codes **9Nu1. and 9Nu5.** to my Practice computer records.

I want to allow my personal confidential data to be exported to the HSCIC so that it can be used by the HSCIC for anonymised reports but I do **not** want the HSCIC to share my information with other agencies or companies in an identifiable format.

Please alert the HSCIC not to use my information in this way by adding code **9Nu1.** to my Practice computer records.
